CAN JAKIE HIT?

WAS ALL YOU COULD HEAR ON THE STREET LAST NIGHT.

By Far the Best Game Ever Played in This City Was That One Yesterday Afternoon.

A Baltimore pace, A Sullivan rush, And a Garrison finish.

That's what it took for the locals to win after twelve innings of the most exciting ball ever played on the home lot.

Circus catches, whippoorwill stops and lightning doubles were as numerous as Owens voters in the Ashland District.

And they were not confined to either side.

It was one of those games that kept the audience not only anxious, but wild as well.

A score of times a cold chill ran up and down the spine of the "Rooters" for the locals, and as many times they crawled out of a big deep hole.

If anyone of the attendants was ever subject to nervous prostration it was fully tested in yesterday's game.

The All Professionals gave our boys a hard fall the day previous, consequently in yesterday's game they held the locals cheap, very cheap, and we are of the opinion that at least two thirds of the audience did likewise.

The home team set the pace, the visitors closed up and away they went at the circuit; it was anybody's game. At the half it was the same. G. Reiman was going an awful pace, and Knorr was right at his heels.

The race lay with these two good ones. Both were fighting bravely. Neither would give or take an inch. They came down the stretch neck and neck.

As they neared the post Knorr weakened just a little and Reiman went under the wire an easy winner by three lengths.

Outside of the battle between the pitchers, to make mention of any of the others' work would require too much space. Errors, and costly ones, too, were made, but they were quickly forgot and forgiven by a brilliant play or a timely hit.

The All Professionals will close the series here this afternoon. It now stands game and game, and the one this afternoon will be contested fiercely by both teams.

Our boys are now playing in that never-say-die spirit and if they can land a victory today there will be nothing too good for them.

George Reiman has pursued the management to let him go in the box again this afternoon, and Tannehill, the great left-handed twirler, who nearly gave our boys a shoutout Thursday, will oppose.

There should be no stay-at-homes this afternoon. Let everybody that can possibly do so be on hand and cheer our boys to win.

The game will be called promptly at 2:30 in order to allow the visitors to catch the Westbound local at 5 p. m. for Cincinnati.

The visitors were first to reach the counting point, which was in the eighth inning, on an error and two singles. Grooves hit to short. Wadsworth made a good stop, but threw too high for Wellner to handle, and the runner was safe. Berte showed one for a single past third. Hall flew out to the pitcher. Heilmann pushed a single over short and Grooves crossed the slab. McGowan flew out to Frank and Schroeder to P. Reiman.

The score must be tied, so Cox started business by smacking a beauty into center for a bag. Frank sacrificed Cox to second. G. Reiman sent a long fly to center, and Cox took third after the ball was caught. We needed a tally to tie the score. Jakie Delsel was just the lad everyone wanted to see turn the trick. Jakie didn't keep them waiting long. The first ball up he smashed into center for a double, and Cox trotted in and the day was saved. We will not attempt to describe the ovation that the hit brought out. Taylor retired the side on an easy fly to third.

The visitors were easy victims in their half, and the locals came in from the field for their tenth turn at the bat.

Neither side scored until the twelfth, when our boys batted like seeds and won as good a game of ball as was ever played. Taylor jolted one into center for a corner

and stole second. McGowan missed the throw and he kept on to third. Heilmann dropped the ball and the runner still lived. P. Reiman rolled one past third and Taylor went over the rubber. Wads worth singled over second. Wise sacrificed him to second and Wellner's out put him on third and Reiman scored. Cox hit into right for a base and Wadsworth followed suit. Berte reached first on an error. Hall finished the business by fanning out.

CHINA'S REPORT.

They Declare the Japanese Ships were Destroyed.

Putting a Different Aspect Upon the Great Naval Battle.

Four Said to Have Been Destroyed; Others Reported to Have Fled, But Later Returned and Towed the Stranded Chinese Warships.

LONDON, Sept. 22.—The Times published Saturday morning the following dispatch from Tien-Tsin, dated September 21:

Wounded officers of the Chinese fleet confirm the original report of the engagement on the 17th inst. They say that the Chinese fleet arrived at Yalu river on the afternoon of the 16th, and remained ten miles out to sea. The mouth of the river while the transports were unloading. At 11 o'clock on the morning of the 17th they sighted the smoke of the Japanese fleet which was approaching in two columns.

The Chinese vessels steamed out to meet them in two columns, converging on the flagship. The Japanese fleet consisted of twelve ships, while the Chinese had ten ships. The Chinese admiral opened fire at a distance of six thousand meters, but the firing on both sides fell short until five hundred meters.

The Chinese attempted to close to close quarters, but were prevented from accomplishing this purpose by the superior speed of the Japanese ships, which, keeping for the most part two miles off, maneuvering admirably, made splendid practice with the long-range, quick-firing guns.

The Chinese cruiser Chi-Yuen early in the day closed in with one of the enemy's ships at full speed, endeavoring to ram her. Whether rammed or torpedoed, the Japanese ship turned over and sank. Four Japanese vessels were closed round the Chi-Yuen, and she was ripped up by shots under the water line and went down with all hands.

Meanwhile the battle raged furiously round the flagship Ting-Yuen and her consort, the Chen-Yuen. The Japanese ships were difficult to identify, but it is known that the cruiser Yoshino received some damaging shots at close quarters, which enveloped her in smoke and made her invisible. Some of the Chinese gunners devoted their attention especially to the Japanese cruiser Nanika, and succeeded in sinking her after, but none of the Chinese officers saw her sink.

At 5 o'clock the five Japanese vessels still engaged in the fight turned and fled. The Chinese vessels pursued, but failed to overtake them. Next morning the Japanese fleet returned and torpedoed the stranded ships. The casualties on the Chinese fleet were exactly as previously stated. The Japanese losses were uncertain, as all the vessels were busy, and no one could see the whole field of action. On comparing testimony from various sources it seems certain that four Japanese ships were destroyed, and the remainder badly maimed.

The Standard's Berlin correspondent says: "Chinese diplomats here are all dismayed over the result of the battle at Ping-Yang than one might have expected. They contend that China will avenge the defeat, and will devote the winter to equipping and drilling her troops, being prepared for a long war."

CAVING IN.

Large Area of Kansas State from 30 to 150 Feet.

WICHITA, Kan., Sept. 22.—The people of Harvey, Butler and Marion counties residing within a circle of thirty miles of where the caveing in took place are in a state of terror over an unaccountable caving in of large areas of land at various points some distance apart. The surface has sunk to a depth of varying from 30 to 150 feet, and a strange thing about the occurrence is that all the caveing occurred at almost the same time without any known cause. Near Plum Grove, on the farm of Sid Jones, a piece of land 75 feet square sank to a depth of 350 feet, and a threshing machine disappeared in the depths. Water rushed into the immense cavity and nearly filled it to the surface. On Thomas Blanton's place, near White Water, an area 40 by 90 feet dropped 30 feet, and when a man was lowered into it his weight bore the earth down a half dozen feet more. Over at Annely several smaller caverns are reported.

On Friday advance any plausible theory for the strange action of the earth unless it is that an underground river bed exists there, and that the heavy rains have so weighted the surface that it could no longer stand without support. Geologists have been sent for, but mean while the people of the neighborhood are clearing out to what they consider safer lands.

Two Lifeless Bodies Laid Out in a Grief-Stricken Home, the Third Victim in a Dying Condition—No Blame Attached to the Train Crew.

LONDON, O., Sept. 22.—Mrs. Henrietta Buell, sister-in-law to Rev. W. L. Sizat, pastor of the M. E. church, accompanied by Miss Mabel Sizat and little sister Helen, aged about 7 years, started out for a drive Friday morning. In attempting to cross the Big Four railroad at what is known as the Low-singer crossing, about three miles east of this city, the vehicle was struck by the west-bound passenger train.

Friday night there were two lifeless bodies laid out in the grief-stricken home of the beloved pastor. Mrs. Buell found nearly seventy-five feet from the crossing, with life still in them, Mabel and Helen. Helen was badly bruised at the base of the brain, cut about the left eye, and both arms and one leg broken. Her recovery is impossible.

The protracted dances held in this community here of late are quite a nuisance. We have no objections to a social hop being carried on in the right way, but should it be otherwise it brings out a very bad element of society.

When your food has no relish, the stomach needs to be cleansed and strengthened by a dose of two of Ayer's Pills.

The A. P. A. organization has become strong enough in Massachusetts to take a prominent part in municipal affairs. At Springfield it controlled a majority of the Ward caucuses, and at Salisbury its opposition to a teacher has closed one division of the public school.

The Hon. Samuel O. Nunn, an ex-member of the Kentucky Legislature and ex-Deputy Warden of the Eddyville Penitentiary, was shot and instantly killed at Marion by Town Marshal Lloyd. Nunn had been on a protracted spree and had threatened Lloyd for having arrested him. Lloyd claims self-defense.

John Hyland of New York, trainer of The Butterflies, winner of the Futurity, has demanded of Colonel E. F. Clay of Paris 10 per cent of the \$4,000 that went to the breeder of the winner. Major R. G. Thomas, who bred Domino, the winner last year, says no such demand was made on him. Hyland's action was condemned by breeders as unprecedented. Clay will likely refuse it, as the conditions of the race made no such provision for the trainer.

Of all Fevers

the worst and most serious is Dengue or break-bone fever. Called "break-bone" because one's bones are not only racked with pain, but feel as if they were tightly held, as by a vice. At times one feels that the pain is almost unbearable, and many are brought to death's door by the terrible prostration which follows this grievous complaint. All persons should know that

A Good Thing to Keep at Hand.

Troy (Kansas) Chief. Some years ago we were very much subject to severe spells of cholera morbus; and now when we feel any of the symptoms that usually precede that ailment, such as sickness at the stomach, diarrhoea, etc., we become scared. We have found Chamberlain's Colic, Cholera and Diarrhoea Remedy the very thing to straighten one out in such cases, and always keep it about. We are not writing this for a pay testimonial, but to let our readers know what is a good thing to keep handy in the house. For sale by Theo. C. Power, Druggist.

San Ballenger the Jeweler. P. S. REMY, Fire Ins., 309 Court st. Eyes tested and glasses fitted by Dr. P. G. Smoot. Satisfaction guaranteed. Among the incidents of childhood that stand out in bold relief, as our memory reverts to the days when we were young, none are more prominent than severe sickness. The young mother vividly remembers that it was Chamberlain's Cough Remedy cured her of croup, and in turn administers it to her own offspring and always with the best results. For sale by Theo. C. Power, Druggist.

THE MAYSVILLE REPUBLICAN

WEEKLY PUBLIC LEDGER.

Did U?

Did you ever think that relatives or friends who have moved to distant places—gone West, perhaps, to grow up with the country—are always glad to hear from their "old Kentucky Home"? And did it ever occur to you that a single copy of THE MAYSVILLE REPUBLICAN—the weekly edition of The Public Ledger—contains more home news than you could embrace in a hundred ordinary letters? And did it ever strike you that you can send the paper to your relative and friends for a whole year at less than cost you can write a letter every week? Besides, don't you think a year's subscription to THE REPUBLICAN would be a present highly appreciated by those at a distance? Suppose you try it and hear what they have to say on the subject.
